

**Urologic training opportunities
in Europe and online**

A map of Europe and its surrounding regions, including parts of North Africa and the Middle East, is shown. The landmasses are colored in a light gray, while the surrounding oceans are white. The continent of Europe is highlighted in a solid gold color. The word "Europe" is written in a large, bold, white sans-serif font, centered over the gold-colored continent. To the left of the continent, there is a list of bullet points, each preceded by a gold arrowhead. The background of the slide is white.

Europe

- **EAC membership recommended
(ESRU, ESU optional)**

Post-EAU Symposium | Bern
