10th Post EAU Symposium 2026

Thursday | 23rd April 2026 | 18:00–20:30
Kongresszentrum Kreuz | Zeughausstrasse 41, 3011 Bern

Dear Doctors,

We are proud to announce that this year marks the **10th anniversary of the Post-EAU Symposium and Educational Program**. Over the past decade, this initiative has established itself as a key platform for fostering the next generation of urologists and facilitating the exchange of key news after the annual EAU Congress.

At this year's milestone event, our selected urology residents Anna Methner, Stephanie Griot, Benjamin Ceresa and Benjamin Bulling – together with the mentors Prof. Dr. med Ilaria Luca, Dr. med. Tobias Gross, and PD Dr. med. Dominik Abt, will present critical abstracts and key findings from the **2026 EAU Congress in London**.

Join us on **Thursday, April 23rd at the Kongresszentrum Kreuz in Bern** to celebrate this special anniversary, expand your professional network and engage in high-level scientific discussions.

Kind regards,

Your Committee

Don't miss out on this unique chance and scan sign up for the event.

This symposium is accredited with CME credits
